Career Objective

Passionate Front-End Developer with hands-on experience in building responsive web applications. Seeking to leverage strong skills in React, TailwindCSS, and modern JavaScript to create user-friendly interfaces and contribute to scalable products. Long-term goal: Full-Stack Developer.

Work Experience

Baolongscrap / Front-End Developer / Nov 2023 – Present

- Developed and maintained responsive web interfaces for internal tools and business platforms using ReactJS & TailwindCSS.
- Collaborated with designers to translate Figma UI/UX into interactive components.
- Improved page load speed by XX% through code optimization and lazy loading.
- Worked with RESTful APIs to integrate dynamic data.

Tran Thanh Long / Marketing Leader / Aug 2023 – Oct 2023

- Designed branding and digital promotional materials.
- Produced marketing content and product photography for campaigns.

Projects

DreamCar / Apr 2023

- Built a responsive car showcase website using ReactJS + TailwindCSS.
- Implemented filter & search functionality, optimized for performance.
- Deployed on Vercel for public access.

■ Live Demo: dream-car-eta.vercel.app

Portfolio Website / 2024

- Designed and developed a personal portfolio website showcasing skills, work experience, and projects.
- Built with React and deployed on Vercel.

■ Live Demo: portfolio-vongoccuong.vercel.app
